

Infrastructure Subcommittee
Meeting Minutes
4-2-09

Meeting began at 7:20pm

Attendance

Mark Richards, Ron Cram, David Payne, Tom Paten, Paul Tate, Dale Tumey

Mark Richards explained that status of the Storm Water Utility research. Mark has requested a copy of the draft study the City of Greenwood did concerning the feasibility of a storm water utility. The City of Greenwood has not decided whether or to make this draft study a public document and available to our committee. Mark will research ordinances from Hamilton County and Bargsville.

Ron presented a map fro the county of WRT which is in four parts. Ron also gave me a receipt for \$60..the cost of the map

Tom and Paul explained that have requested a road inventory from both the county and the city of greenwood along with historical budget information. Once they have this information, they will begin to assess the condition of the roads and determine suggested repairs. By looking at the historical budget information, they can determine what has been repaired “in-house” and what has been contract work.

Next meeting will be April 16, 2009, at the White River Township Government Offices, after the WRT/GWD Steering Committee meeting.

Meeting ended at 7:50pm.
